

The Whole Is Greater Than Its Parts

Unit fractions are fractions that have a numerator of 1 and a denominator of any whole number greater than 1. Can you find five different unit fractions whose sum is 1?

$$\frac{1}{a} + \frac{1}{b} + \frac{1}{c} + \frac{1}{d} + \frac{1}{e} = 1 \quad a \neq b \neq c \neq d \neq e$$
